## REPORT OF SCHOOL BOARD.

To the inhabitants of the Town of Piermont, we present the following report of the schools in town for the year ending Feb. 15, 1903.

We are pleased to report that most of the schools show marked progress during the year. Two of our school houses have been closed during the past year; some of the pupils have been to Haverhill, and the others have been carried to other schools in our own town. This arrangement has saved the town about one hundred dollars, after paying the extra amount of tuition, and the additional expense of carrying the scholars. By so doing, we made two of our small schools larger, and we think more interesting and profitable.

Nearly all the teachers employed this year have been experienced, and have done excellent work. We can also speak well of them who have just entered the ranks as teachers. The course of study which was prepared last spring has been introduced, and we think it is going to be a help to both pupils and teachers. Some of the schools are almost graded now, while others require more time yet. It can not all be done in one year when some of the pupils are in four or five different grades. We think, after the grading is once done, that it will be possible for the teachers to promote the pupils, when they are qualified; and form new classes if necessary. This will be expected the coming year.
